After login
Click activate position

The screenshot displays the ETH CLUB user interface. The top navigation bar includes the logo, language selection (ENGLISH), and the user's adviser ID (yokebeto). The left sidebar contains a menu with the following items: ACCOUNT, Genealogy, Payment Details, SNB Time-deposit, Profile, Landing Page, Placement, **Activate Position** (highlighted with a red box), Upgrade Position, Download, and Logout. The main content area shows the 'ACCOUNT' section with the heading 'Your account balance'. Below this, there is a table of digital coins with their respective balances and action buttons.

Digital Coins		Top-up 履歴
	BTC balance 0.00000000 BTC	Top-up Send History
	BCH balance 0.00000000 BCH	Top-up Send History
	ETH balance 0.00000000 ETH	Top-up Send History
	SNBL balance 0.00000000 SNBL	Top-up Send History

Activate Position

The screenshot shows the 'Activate' page on the ETH CLUB website. The user is activating a position titled 'Bronze Adviser' with a value of \$300. The page offers three payment methods: BTC, BCH, and ETH. For each method, users can choose to pay from their account balance or via USD top-up. The SNBL payment method is currently in preparation. At the bottom, a table shows the current position details, and a 'NEXT' button is highlighted.

Activate

Payment method selection

Title : Bronze Adviser
Activate : 1 Position \$300

About Activation

1. About Receipt of Payment

The receipt of payment time depend on payment fee.

If the fee is big, it may soon arrive.

If the fee is small, sometime it may take long time.

* The receipt of payment time depend on wallet and payment fee

2. About Activation Completion Time

* Activation completion time is not when you send ,
It is the time when the coin arrive.

the clothing time is based on the congestion degree of the block chain.

We can not answer to you when the coin will arrive.

About Activation

When activation is completed, your icon will change as below.

Click "Genealogy" and confirm "Binary Genealogy"
Activation is completed when your own icon
changes from white to **blue**.

If sending amount was smaller than needed amount.

- **Sent less than the amount set**

Example) I tried to send 0.1 bit but when sending with my wallet, the transmission fee, And only 0.998 bit was sent.

0.998 bit will be reflected in your account.

[Caution]

If you sent less than "Activate" by USD Top-up

It will not be activated and will be reflected in your own account.

So, you need to top - up again and send money,

Then activate by selecting My Account Balance with "Activate".

If sending amount was bigger than needed amount.

● Sent more than the set quantity

Example) When trying to send **0.1** bit but when sending, I mistook the quantity and sent **0.2** bit .

0.1 bit will be reflected in your account.

【Caution】

The remaining **0.1** bit will be refunded.

A refund application email will be sent to your registered e-mail address.

Click the URL on the right side, proceed to the refund screen, refund destination Enter the address.

Hello,

You have a refund of 0.03000000 BTC available for transaction CPCC2VF7OJ8FGLKGH5GK8FGKTB. This is usually due to sending not enough or too much Bitcoin, or waiting too long to send so it doesn't get enough confirms in time.

If you would like to claim the refund click here: <https://www.coinpayments.net/claim-refund-CPCC2VF7OJ8FGLKGH5GK8FGKTB-f040fd53f7ede3cd57bca23cd0a21476>

Note: Your refund is only available for 30 more days so don't wait around!

Thank you,
CoinPayments.net
